

GDT SD-WAN-AS-A-SERVICE, POWERED BY MERAKI

A Modern Approach to Network Infrastructure Consumption

Simplify the design, implementation, and management of your Cisco Meraki SD-WAN networking infrastructure by leveraging the power of network-as-a-service. GDT SD-WAN-as-a-Service, Powered by Meraki is an all-inclusive, subscription-based approach that enables your business to consume Meraki hardware, software, licensing, and 24x7x365 support services with flexible consumption models. It's a cost-effective way to help your business fuel innovation, accelerate value, and increase uptime and visibility, all while lowering risk.

Trust the Certified Experts at GDT

The GDT team of certified Meraki professionals brings years of experience in SD-WAN deployments and Day-2 management along with a deep understanding of Meraki MX SD-WAN technology, to keep your network infrastructure running smoothly.

SOLUTION HIGHLIGHTS

- Meraki MX infrastructure
- Centralized, cloud-based visibility
- Full design, project management, staging, and implementation
- 24x7x365 monitoring and RMA dispatch and replacement
- Ongoing configuration, proactive tuning, and management
- Intelligent traffic routing and prioritization
- Custom traffic shaping
- Built-in security with L3/L7 stateful firewall, and VPN capabilities
- IDS/IPS protection
- Automated failover and load balancing
- Maintenance including security patching, OS upgrades, and license management
- Service-level KPIs and SLAs
- Network security, active directory, and syslog integration

BUSINESS OUTCOMES

- Predictable cost model
- Maximum network value and performance
- Optimal provisioning (and elimination of over-provisioning)
- Improved security and compliance
- Alignment of IT spending to business goals
- Enhanced agility, responsiveness, and scalability
- Quarterly Business Reviews to evaluate network performance, capacity, and operational improvements

GDT NaaS: Keep Pace with Shifting Networking Requirements

GDT Cisco Powered NaaS offerings are backed by a team of industry experts who provide hands-on, collaborative consultation, design, deployment, implementation, and ongoing lifecycle management. Enjoy enhanced business functions through improved agility, responsiveness, and scalability.

We help your business stay ahead through our proven methodologies, localized presence, and unmatched expertise.
